Individual Subscription Agreement

$29.99 per month | Seven-day free trial

1. Parties, scope, and governing documents

This Individual Subscription Agreement (Agreement) is between NarrateEMS Inc. (NarrateEMS) and the individual accepting it (Subscriber). It governs individually paid subscriptions to the NarrateEMS software and incorporates the then-current Terms of Service. The Privacy Policy describes data practices; the Service Level Agreement describes support and service availability. An agency Business Associate Agreement (BAA) separately governs PHI processing for the relevant agency. The individual is responsible for the subscription fee; agency authorization alone does not make an agency financially responsible.

2. Plan, included use, and fair use

The Individual Plan costs $29.99 per month plus applicable taxes disclosed before payment. The plan includes unlimited legitimate patient documentation charts for the Subscriber's own authorized work, with no ordinary per-chart overage charge. Unlimited does not permit sharing accounts, automated/bulk nonclinical use, resale, use on behalf of unapproved agencies, deliberate excessive consumption, or attempts to circumvent service safeguards. NarrateEMS may investigate objectively abnormal or abusive usage, provide notice where practicable, and impose proportionate restrictions to address misuse, security threats, or material service degradation. Routine legitimate clinical charting will not be capped solely by chart count.

3. Agency approval and eligibility

Before any real PHI is processed, the applicable EMS agency must approve NarrateEMS use, an effective applicable BAA must be in place, and the Subscriber must be verified as authorized for that agency. NarrateEMS contacts the agency and verifies its representative. For a previously approved agency, membership may be automatically verified through an agency-controlled email domain only where the agency has expressly opted into that verification method; otherwise NarrateEMS performs manual verification. Approval for one agency does not extend to another; Subscribers may connect multiple agencies only after each is separately approved. A personal payment never overrides employer policies or ePCR-platform restrictions.

4. Free trial and billing authorization

The seven (7) day free trial starts only when agency authorization, user verification, and account activation are complete; time awaiting approval does not count against the trial. Trial start and end dates and the first charge date will be shown to the Subscriber in writing. If the Subscriber elects to enroll in automatic paid conversion and provides payment authorization before or during trial, NarrateEMS will charge $29.99 plus disclosed taxes when the seven-day trial expires unless the Subscriber cancels before that time. If no valid advance payment authorization has been obtained, the account will require affirmative checkout before paid service starts. The checkout will clearly disclose the trial-to-paid conversion, amount, renewal frequency, and cancellation method, and obtain express affirmative consent.

5. Automatic renewal, price changes, failed payment

Following the trial, paid subscriptions renew each month until canceled, at $29.99 per month plus applicable taxes. Each renewal is charged to the authorized payment method. NarrateEMS will notify

existing Subscribers at least 30 days before a proposed subscription price increase, subject to any longer notice or additional consent required by applicable law. A declined payment may cause paid access to be suspended after reasonable notice and an opportunity to update payment information, unless immediate suspension is needed for security or legal reasons. No undisclosed per-chart fees apply.

6. Cancellation and no-refund policy

Subscriber may cancel online from billing/account settings without calling or emailing; support at narrateems@gmail.com is an additional option. Cancellation during the seven-day trial prevents the first subscription charge if completed before the trial ends. Cancellation after the paid term begins prevents future renewals, and service remains available until the end of the then-current paid billing period, subject to continued agency authorization and security restrictions. Payments collected after the free trial are nonrefundable, with no partial-month credits, except where law requires otherwise or NarrateEMS expressly approves an exception in writing. Billing/cancellation confirmation will be provided electronically.

7. Loss of agency authorization

If the Subscriber loses access to one agency, NarrateEMS will promptly disable PHI-processing access for that agency. If another agency remains approved and the Subscriber is verified for it, the subscription may continue normally. If no agency remains approved, NarrateEMS will cancel future renewal charges and disable PHI-processing functionality; the Subscriber may retain account access for non-PHI administrative matters. Any refund required by applicable law remains available; otherwise the no-refund rule applies. NarrateEMS may restore eligibility if an agency is subsequently approved, subject to a new or resumed subscription consent as applicable.

8. Clinical responsibility, security, and account use

Subscriber must use only their own credentials, comply with agency policies and legal requirements, safeguard devices and accounts, and immediately report suspected unauthorized access or PHI exposure. The service assists documentation; all AI-generated output may be inaccurate or incomplete and must be verified, corrected, and approved by an authorized provider before official ePCR submission. During an outage or malfunction, the provider must complete documentation using the agency's ordinary workflow.

9. Electronic assent and contacts

By selecting the acceptance checkbox or otherwise affirmatively accepting this Agreement through the NarrateEMS registration and checkout process, Subscriber agrees to these terms and the incorporated Terms of Service. NarrateEMS may retain electronic records of acceptance, applicable document versions, and payment authorization. Questions, cancellation assistance, and privacy or security concerns may be directed to narrateems@gmail.com.
